

ZADIG

P&P Studio

ZADIG boldly utilizes a variety of materials and colors to create shelving in varying heights and lengths. The system can meet a variety of needs in the living room. It can become a back cabinet, a low cabinet, a TV cabinet, and a bookshelf. Its colorful sliding doors are scattered in different heights, like jumping notes in a movement. The cabinet is a visual feast of endless change.

STRUCTURE

Shelves and backpanels in solid wood and veneer on particles board, uprights and doors in lacquered MDF wood, sliding doors available for middle shelves, LED lighting available for all shelves

FINISHING

Shelves and backpanels in walnut or stained oak, other parts in lacquer
